CIAS Campus School Class Information

"You shall love the LORD your God with all your heart
and with all your soul and with all your might.
These words, which I am commanding you today, shall be on your heart.
You shall teach them diligently to your sons
and shall talk of them when you sit in your house
and when you walk by the way
and when you lie down and when you rise up."
Deuteronomy 6:5-7 (NASB)

BARTON READING & SPELLING SYSTEM

An Orton-Gillingham tutoring method for Exceptional Education students with Specific Learning Disabilities in Reading (Dyslexia) for students in Grades 2-12

Full year class, Monday-Thursday

Class time: See Class Schedule PDF

Platform: On-campus class at CIAS Campus School

Teacher: Kate Newkirk

See the *CIAS Campus Handbook* for more details about our Reading Intervention and tutoring lessons.

When a student with a diagnosis of dyslexia or an IEP for specific learning disability in reading enrolls in CIAS, we take this diagnosis seriously. As part of our RTI intervention, these students are quickly identified and moved into Tier 2 small reading groups, and if needed into reading tutoring or therapy.

CIAS utilizes two different dependable and long-respected Orton-Gillingham methods to teach pre-phonemic awareness and phonics, the Barton Reading & Spelling System tutoring and National Institute of Learning Development (NILD) therapy.

- Perch
- Crayfish
- Clam
- Starfish
- Embryo pig (class group)

There is a quiz at the end of the second lab day over the material, terminology, and diagrams presented in this Study Guide and throughout the lab. Click on the green button below to download the Biology Dissection Vocabulary & Diagram Study Sheet:

The state of Florida requires all high school students to complete science laboratory experiments as an integral part of their science education. Two substantial labs are required for scholarship applications.

CIAS can provide VHS or DVD labs at our campus school for students who are using the ACE/School of Tomorrow curricula for the following courses: Biology, Physical Science, and Chemistry. Call the school office to arrange a time to view them at the CIAS Campus. Students may complete as many labs as they like at one time.
